Service Standard Payments

If you are a small-use customer, did you know that if Synergy or Western Power fails to meet certain standards of service, you might be eligible for a Service Standard Payment?

Synergy and Western Power have a range of Service Standard Payments that can be made to our customers if our service delivery falls short of the performance standards outlined in the Code of Conduct or Network Quality and Reliability of Supply Code.

Synergy's Service Standard Payments cover the following events:

Reconnections: a customer* can claim (from Synergy) payments of \$60 a day for each day a reconnection is delayed beyond regulated timeframes, because of Synergy or Western Power, up to a maximum of \$300. The claim must be made within three months of the late reconnection.

Wrongful disconnection: in the event that Synergy arranges for a customer's energy supply to be disconnected, contrary to the Code of Conduct requirements, Synergy is required to make payment to a customer* of \$100 per day for each day the customer remains wrongfully disconnected.

Customer service: if a customer's written complaint is not acknowledged within 10 business days, or responded to by addressing the matter in the complaint within 20 business days, a customer* can claim a \$20 payment from Synergy. The claim must be made within three months of the late acknowledgement or response.

Western Power's Service Standard Payments cover the following events:

Notification of planned interruption: An eligible customer** may claim a \$20 payment when 72 hours notice of a planned power interruption hasn't been given, except in the case of an emergency or if the interruption was requested by the customer or by the retailer. The claim must be made to Western Power within 60 days of the interruption.

Extended interruptions: An eligible customer** may claim an \$80 payment if the electricity supply to the customer's home was interrupted for more than 12 continuous hours, except in the case of an emergency or if the interruption was requested by the customer or by the retailer. The claim must be made to Western Power within 60 days after the interruption ceases.

Customer service: A customer* may claim a \$20 payment if a written complaint is not acknowledged within 10 business days or responded to within 20 business days. The claim must be made to Western Power within 3 months of the late, or lack of, acknowledgement or response.

Wrongful disconnection: If Western Power disconnects a customer's electricity supply other than as authorised by the Code of Conduct or by Synergy, Western Power is required to pay the customer* \$100 per day for each day the customer was wrongfully disconnected, except if the disconnection occurred for reasons outside of Western Power's control.

For more information about your eligibility and how to apply for Western Power's Service Standard Payments, go to westernpower.com.au

To view the Code of Conduct in full, visit synergy.net.au/termsandconditions

* A customer is someone consuming up to 160MWh. For example, residential and small/medium enterprise customers only.

** An eligible customer is a customer who consumes no more than 50MWh of electricity per year.
