---

*Peter van Schoubroeck  
For and on behalf of the  
Owners of 147-159 Charles Street, West Perth*

TO THE RESIDENTS OF "THE MEWS"  
147-159 CHARLES STREET WEST PERTH

**THE FOLLOWING IS IMPORTANT INFORMATION  
REGARDING THE NEW DIGITAL TV ANTENNA SYSTEM FOR YOUR BUILDING**

As you may be aware; your Building Managers have engaged *Antenna Masters* to install the final stage of the new Communal TV Antenna System for your building to enable you to receive the new High Definition Digital TV channels as well as providing improved Analogue reception for those residents who may not yet have upgraded to Digital TV.

**THE FOLLOWING ARE DETAILS OF THE ACCESS REQUIRED TO EACH UNIT  
TO INSTALL THE CABLE AND WALL OUTLET FOR THE NEW TV ANTENNA SYSTEM**

Access will be required to *all* units for the periods set out in the schedule below to enable *Antenna Masters'* technicians to install the new Digital cable, wall outlet and TV lead. Every effort should be made to ensure access is available to your unit for this period. We regret that *Antenna Masters* is not able to alter these dates or times without additional costs because the smooth and efficient progress of the project is dependant upon access being available to each unit on the scheduled date and time. If residents are unable to be present at these times we will be unable to connect you to the new system unless arrangements are made for others to be there in their absence; perhaps a friend, family member or neighbour.

An option is to provide *Antenna Masters* with a contact name and phone number on which they can call someone 30-60 minutes before requiring access. If using this option; *Antenna Masters* require at least 24 hours notice by calling during office hours (9:00am-5:00pm Monday-Friday) on 9240 8980. Some preliminary work will commence in the week prior to the dates shown below however; no access will be required to any unit during this process. This work is being carried out for the benefit of all residents so it's very important that every effort is made to enable the technicians to have access at the scheduled times. An additional charge of \$170.00 is chargeable to an owner for a return visit due to access not being available at the scheduled time. We; as your Building Managers and *Antenna Masters* very much appreciate your cooperation in this regard and we will endeavour to keep interruptions to a minimum.

Access will be required at the following times:

**Date: Tuesday January 22, 2013**

| Unit No: | Time:            |
|----------|------------------|
