

Charles Street Roadworks

Resurfacing northbound lanes 11-13 January 2017

Charles Street Work Update

The Charles Street Bus Bridge and Busway Project is being delivered by Main Roads on behalf of the Public Transport Authority (PTA).

The project will provide a long-term solution to improve bus transport into the city and ease traffic congestion.

Night-works

From 11 to 13 January, Charles Street between Newcastle Street and Janet Street will be resurfaced. This work will be carried out at night and during the day and requires temporary closures of Prospect Place and Ivy Street at Charles Street.

Night work hours will be between midnight and 7am. Work during the day will be between 7am and 7pm.

We will be using road building machinery to realign traffic lanes and to lay the new road surface (asphalt). We will endeavour to minimise noise and vibration as much as possible and will be working within the limits of the project's noise and vibration management plan.

Residents may experience some noise related to machinery moving around on-site and the removal of the existing road surface.

Should you have any concerns regarding the noise levels during the works, please call our Project Engineer (Christian Joder 0417 515 264).

Prospect Place and Ivy Street

For Prospect Place: please use the alternative access outlined on the map overleaf during the closure, which will be in place from 12 midnight Wednesday 11 January until 12 noon Thursday 12 January.

For Ivy Street: please use the alternative access outlined on the map overleaf. Access through this private route will be for approximately two hours during the day on Thursday 12 January and from midnight until approximately midday on Friday 13 January. The access will be supervised by an accredited traffic controller.

Information on specific traffic impacts is kept up to date on the project website at:
<https://www.mainroads.wa.gov.au/BuildingRoads/Projects/UrbanProjects/Pages/charlesbusbridge.aspx>.

Future notifications

To receive updates about the project please email
charlesstbusbridge@mainroads.wa.gov.au.

To receive real-time traffic updates please like Main Roads on Facebook or follow Main Roads on Twitter at Perth_traffic.

If you have any project related questions please call Main Roads on 138 138.

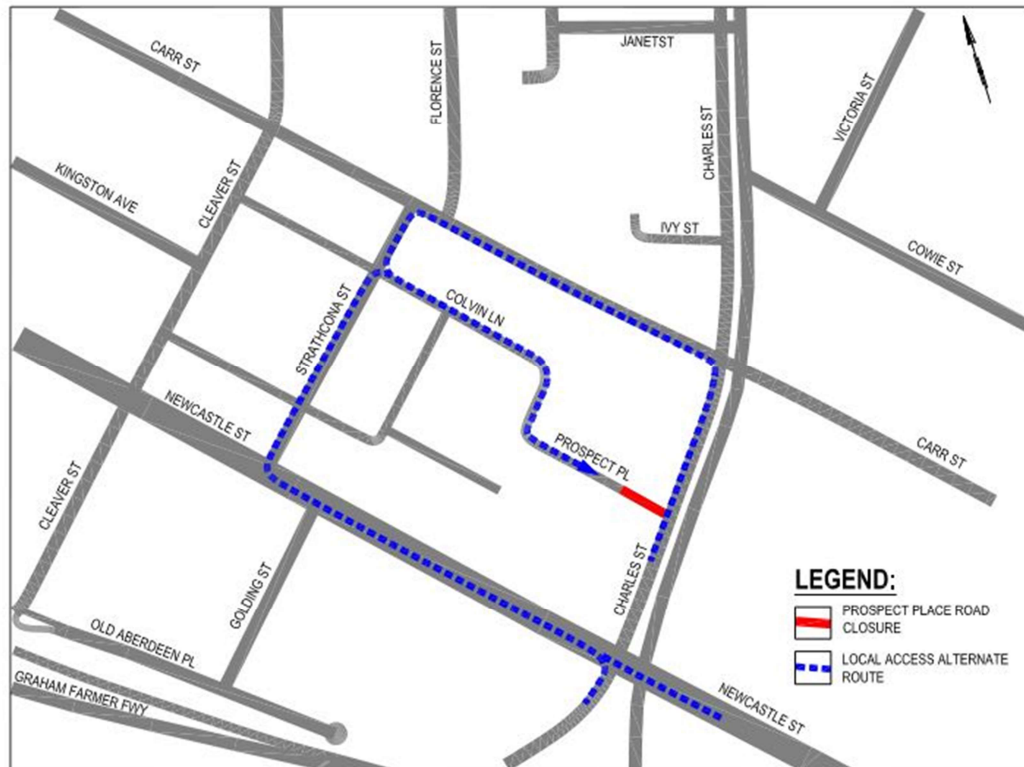

Please note: Any changes to schedule will be communicated as soon as possible.
